Hail, hail to thee, our Mother Fair, Westminster.

Thy sons and daughters thee with fondness greet

While rings our song within thy sacred portals

Fresh wreaths we twine and lay them at thy feet

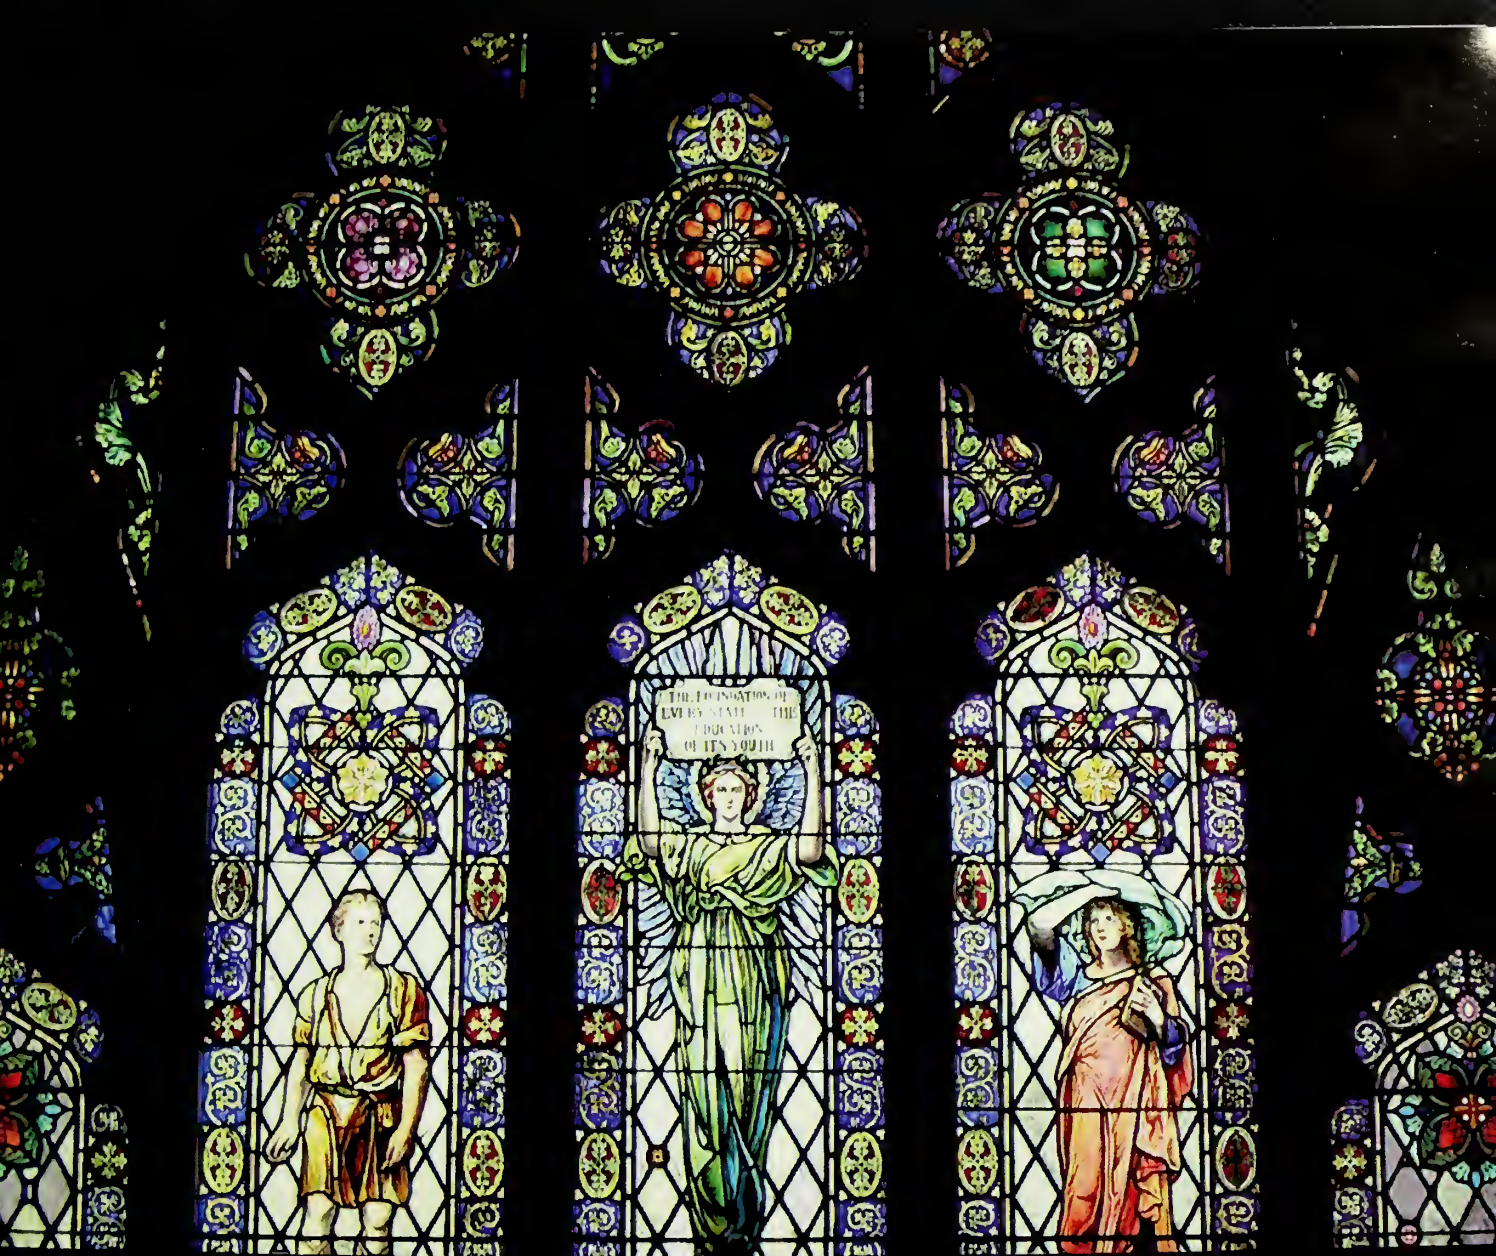

Long may she live, our Mother Fair, Westminster!

Fling to the breeze her banner White and Blue

Halls of our youth, by happy memories hallowed.

The background is a dark, textured surface. On the right side, there is a vertical strip of autumn foliage, showing leaves in shades of orange, yellow, and brown. The text is white and serif, positioned on the left side of the image.

Whether it's the blaring music of a fraternity party, the echo of the drums from marching band, the sound of Titan Radio in McKelvey, or the ringing of the carillon, music surrounds everyone daily. All are not bystanders to this phenomenon; to a certain extent, students compose their own music, which all Titans can call "Our Song."

Out of silence, a new song begins each fall. Whether a first-year student or a senior, Titans bring their own experiences – their own melodies – to campus. As these songs intertwine, they create a unique harmony that is different from year to year. They bind everyone together to form something greater than just a diploma – an identity characteristic of Westminster students, who will hum the tune of its overture every day of their lives.

# Fanfare

Although our lives seem to move at an allegro tempo, other moments have a timeless duration. These events, such as Fresh Start, the Gateway Clipper, and Relay for Life are far

beyond the typical daily schedule. From the introduction through the coda, these particular tenutos provide some of our fondest memories of Westminster.

## Events

Cassie Walker and Matt McLaughlin lead the euphonium section during the Homecoming parade. Will Stover, Rachel Mellor, & Bob Allen take the stage in Theater Westminster's final production of *Tartuffe*. Tara Tomczyk interprets the processional "O Come, All Ye Faithful" with her fellow liturgical dancers during Christmas Vespers.

*Heavenly Tune.* Fresh Start choir members share the “Prayer for St. Francis Assisi” with the congregation.

*Literary Inquiry.* This Fresh Start group gathers in their meeting place under the tree in the quad to discuss Yann Martel’s *Life of Pi*.

*Screech!* Lindsay Jasinski, Adam Leech, Stephanie Cole, Kirstan Gides, Russ Mills, & Bob Allen end their “Saved by the Bell” skit at the late night performance.

*Movin’ On In.* Charlie Judge, Tricia Burich, & Matt McClelland help the first-year students move into their dorms as they arrive.

“Embrace your new beginning, make new friends, try new activities, stretch yourself. And don’t worry.”

-Dean Jesse Mann,  
Opening Convocation

*Don't Step on the Grass! Kirstan Gides and Tara Timpano imitate Grove City girls during the year's first late night show.*

## FRESH START *Da Capo*

### BACK TO THE BEGINNING

During the second to last weekend in August, Westminster welcomed a record 388 first-year and 32 transfer students to campus. Ready and waiting with smiling faces were 80 Fresh Start volunteers. After a four-hour moving-in marathon, the new students broke off into groups according to their Inquiry classes with three or four leaders per group. The next few days were spent in small group activities designed to help ease first-years and transfer students into college life. Senior Coordinator Tom

Oyer commented, “Move-in is usually a really hectic time, but thanks to the awesome staff we had, this year’s was the smoothest we’ve ever seen.”

The goal of Fresh Start is to acquaint new students with all of campus and help them become more comfortable with each other. Titan Traverse taught them trust and teamwork, while “Senior Eye for the Freshman

Guy,” the “Yes/No Comedy Skits,” and “Pick-up Lines” taught them to have fun. Group leader Rich Marmura added, “By sharing a common experience, everyone can feel like they are on even footing.”

*Quick breaths.* Leslie Underwood and Johnny Johnston take a moment to catch their breaths between dance numbers.

*It's Electric!* Students form dance lines to go along with the familiar notes and dance steps of the favored Electric Slide.

## GATEWAY *Ballabile* CLIPPER

### TO BE DANCED

**Q:** What do you like about the Clipper?

**A:** It's a really nice opportunity to dance off-campus. It's fun to interact with a lot of people you normally wouldn't.

- Laura Zorch

What do a charter bus, formal gowns, pictures, and a boat have in common? The Gateway Clipper, of course! Each fall, the Campus Programming Committee sponsors an all-campus formal on the Gateway

Clipper in Pittsburgh. This year was no exception, as September 10 sent a busload of Westminster students and their dates and/or friends to downtown Pittsburgh to the riverside. There they waited in line to have their pictures taken before boarding the boat—their ticket to a good time. Once aboard, the three decks of the Clipper were

available for all. Those who chose the top deck saw a lovely view of the Pittsburgh skyline late at night out in the open breeze. If that became too cold, the second deck housed a bar and tables for eating and drinking that was indoors and looked over the dance floor. That left the bottom floor for the dancers on board! The floor opened up to line dancing, a couple slow songs, and many more fast tunes for plenty of opportunities for

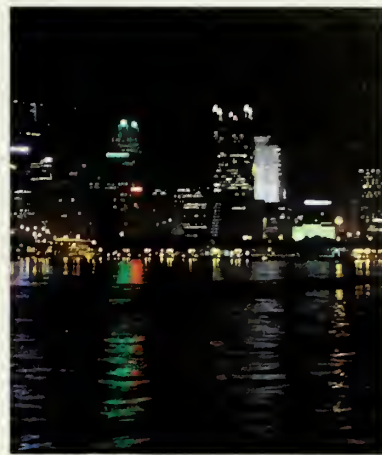

dancing. Junior Erin Bartley says, “The Clipper is one of my favorite times of the year! It's the one night I see people happy and enjoying themselves, and being able to join them in that makes me absolutely happy!”

*Free style.* Laura Zorch, Elizabeth Bacheson, & Ashley Seidelson find their own groove.

*Encore!* Pittsburgh shines in a whole new light from the top of the Clipper.

*Cheese!* Sarah Timm, Charlie Judge, Gene Cunningham, Brittany Mente, & Stephanie Wagner take time out for photos to remember the evening.

*Smooth moves.* An off-campus date stuns the crowd with his unique dance moves.

*In Step.* Tory Duerr and alumnus Kurt Auchter dance the night away.

*Royal Court* Last year's King Tom Oyer and Queen Jaime Carter pose with the 2004 Homecoming court before the coronation ceremony.

*Anchors Away!* Sebastian Driver-Salazar, Chris Castillo, Matt Rotunno, & Mike Butti ride in the Alpha Sigma Phi float on Homecoming morning.

*GOOO TITANS!* The Lady Titan Cheerleaders drum up spirit in the crowd to cheer on the Titan football team as they play Bethany in the Homecoming game.

*In Four* Amanda Allwang, Allison Henley, Marie Gott, & Will Giles add to the excitement with their sax quartet.

*Number 29* Running back Scott Froelich dodges a tackle that led to his being named Offensive Player of the Week after the game.

*Group Effort* Titan cheerleaders lift Amanda Hauger above their heads to show their "Let's Go Titans!" signs.

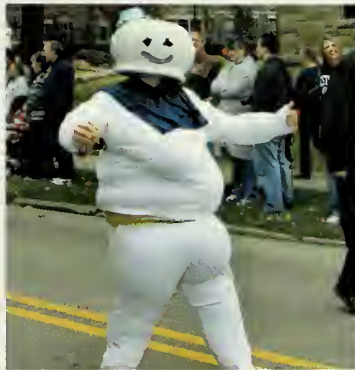

# HOME COMING

## Con Spirito

### WITH SPIRIT

The TUB was filled with alumni, Greeks were busy finishing floats, and the football team was preparing for the big game. These events could signify only one event: Homecoming.

Students and alumni took part in many events throughout the weekend of Oct. 15: women tore up the quad in the powder-puff football game, the Homecoming Court introduced themselves to campus, and a throng of cartoon characters greeted the community as they marched

down Market Street in the annual Homecoming parade. Westminster defeated the Bethany Bisons 27-21 after Scott Froelich scored a final touchdown to break the tie with nine minutes remaining in the fourth quarter.

The celebration culminated with the crowning of King Richard Humphrey (Sigma Phi Epsilon) and Queen Amy Schroder (Sigma Kappa). "The Homecoming festivities that took place during the week were very enjoyable. I was left with many nice memories," King Humphrey said.

*Royal Pair* King Richard Humphrey and Queen Amy Schroder grin for celebratory pics.

*Marching Pride* The Titan marching band provides music for the Homecoming parade.

*UN!* Tom Heath and Ryan Chmura cheer on the rest of the team from the sidelines as their teammates on the field go for a touchdown.

# FALL MUSICAL

## *Affettuoso*

### PERFORM WITH PASSION

This fall, Theatre Westminster and the music department put on a musical that was just “Too Darn Hot.” *Kiss Me, Kate* gave the audience a taste of the stage life as the cast portrayed a group of actors debuting Shakespeare’s *Taming of the Shrew*. Dynamic characters, lively musical numbers, and a complex plot pleased almost five sold-out audiences.

Because a musical only comes around once every two years, the cast and crew went all out to make this year’s performance a big production. Director Scott Mackenzie explained, “We took on a massive set technically, and generally it worked well, but we ran right up to the last

minute to get it up and running.” It wasn’t just the set that was an obstacle; much of the cast were first-year students or making a debut on the Westminster stage.

Despite many challenges, the cast worked intensely to make sure that *Kiss Me, Kate* was a success. Amidst all the pressures, the cast had a great time. Female lead Sarah Timm commented, “The cast was very new and fresh—it was exciting to practice with them everyday.”

*Kiss Me, Kate*’s ensemble was supported by Gina Sharbaugh, choreographer, and Dr. Greig, conductor. The cast and crew put forth their greatest efforts to make sure this year’s musical was not just “Another Op’nin’, Another Show.”

*Making Plans* Doug Spiri’s and Justin Bryan’s characters discuss wooing.

*Too Darn Hot!* Elise Woomer, Pat Sandora, & Jessica Hall show off their dance moves in the opening number of Act II.

*Fearing for Their Lives* Joel Montgomery comforts Tara Tomczyk as Doug Spiri hides in fear of what Sarah Timm's character may do next.

*Another Closin', Another Show* The entire cast of *Kiss Me, Kate* gathers on stage with the grand finale number.

*Gossip Central* Tara Timpano comes to the table to gossip with the men.

*Giddy* Tara Tomczyk's character calls her lover long-distance after a long rehearsal of *The Taming of the Shrew*.

*Love Sick* Tara Tomczyk receives pleas from David Timm, Eric Walker, & Doug Spiri for her hand in marriage.

# FALL EVENTS

### JOYFUL MANNER

The Student Government Association worked hard to keep students entertained this fall, as did all organizations on campus. SGA kicked off the year with Fall Fest, which included a dodgeball tournament and evening concert. Later, senators cruised around campus on golf carts, giving students free rides to classes or to the SGA table, where they enjoyed free food. "SGA Day was a success because the students seemed to enjoy themselves, and the senators had fun serving

the students," senator Steve Ruperto said.

SGA also hosted its annual powder-puff football tournament - this year featuring Greeks versus the Independents. They also hosted the College Bowl trivia tournament.

The fall semester saw such events as Ruby Bridges speaking about her integration into an all-white school, a fall poetry bash accompanied by live musicians, SGA's Christmas party, and an all-campus election night party to anticipate the announcement of the next President.

*The Anthem* The women’s chorus performs John Rutter’s “Candlelight Carol” following the Scripture reading.

*Picking Up the Tempo* Members of the gospel choir share their rendition of “Silent Night” for the service’s first anthem.

*The Word Made Flesh* Emily Stanton shares the reading from Phillipians 1:3-11.

But the angel said to them, "Do not be afraid; for see - I am bringing you good news of great joy for all people: to you is born this day in the city of David a Savior, who is the Messiah, the Lord."

-Luke 2: 10-11

*Praise Without Words* Tracy Hefner follows along in her music during the handbell choir's sharing of "Joy to the World!"

## CHRISTMAS VESPERS *Pomposo*

### IN A CEREMONIAL STYLE

On December 12, 2004, Orr Auditorium was flooded with students, family members, and people from the community alike to celebrate the Christmas season. Musicians from the music department put together ensembles to serve as prelude music before the service began, and Dr. Harrison finished off the prelude with J.S. Bach's "Prelude and Fugue in C Major, BWV 545" on the organ.

The service continued with Scripture readings from Matthew, Luke, and Phillipians. Each of the vocal groups on

campus was also present to share an anthem as their gift of the evening. Pieces ranged from traditional hymns to various other contemporary pieces. New to Christmas Vespers this year, the organ studio shared a bit of music history of each hymn before the congregation joined in singing the hymn.

The service was full of music, God's word via the readings and Rev. Jim Mohr, dancing, and an overall sense of Christmas cheer. Perhaps the benediction said it best: "Go forth in peace in order to celebrate the birth of the Prince of Peace."

## SPRING EVENTS *Tempestoso*

### BOISTEROUS

The spring semester started off with a bang as all the organizations on campus worked together to create booths and games for CPC's annual Mardi Gras. The following week, the Chapel Office helped to sponsor World Vision's 30-hour hunger famine to raise money for starving children on the other side of the globe.

March came in like a lion with a Twister Tournament, Amnesty International's Open Mic night, Lil' Sibbs Weekend, and a guest tabla artist

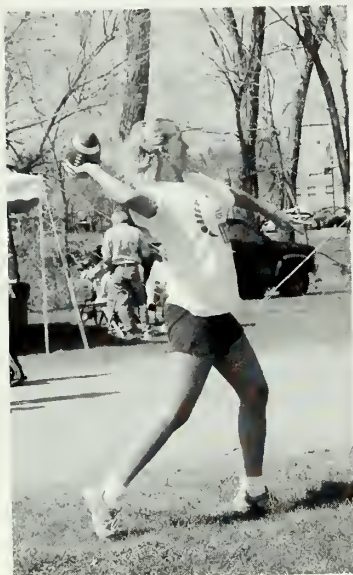

appearance by Sandip Burman. Alpha Phi Omega sponsored Locks of Love to collect hair for patients in need of wigs and WISH sponsored an all-campus potluck dinner to expose everyone to the culture of the international students on campus.

Following Spring Break SGA sponsored a trip to New York City; Allies quieted down campus with its Day of Silence; and Alpha Phi Omega hosted Canoe-A-Thon to raise money for the Pittsburgh Aids Task Force.

*On the Side* Natalie Krivonik

*Step Back and Throw!* Students participate in the egg toss which is one of many other events that occurs throughout the day.

## RELAY FOR LIFE

### *Andante*

#### WALKING

Each year, the Alpha Sigma Phi fraternity organizes Relay for Life, a team event to fight cancer. This year was no exception, and most organizations on campus put together a team of walkers to man the track for the 12-hour long relay. Each team is required to raise money which then goes to the American Cancer Society to be put toward cancer research. Westminster student and three-year survivor of leukemia, Sara Belsito cut the ribbon to start the opening lap.

In addition to the laps,

many activities took place throughout the day. The Medivac helicopter landed in the middle of the football field for all to explore. There was also an LLP-sponsored 50/50 raffle and bake sale; the equestrian team gave horse rides; and there was a water balloon toss. The traditional survivor lap occurred at noon.

This year, the campus and community teamed together to rake in an impressive \$22,000 for cancer research. The top two money-raising teams this year were repeats from last year: Winck Trucking and the New Wilmington Kiwanis.

*Worth It* Lindsay Minter and April Mohn make their way around the track to represent Circle K.

*Dedication* Members of several organizations on campus uphold their obligation to walk in the fight against cancer.

*Unwinding* Brothers of the Alpha Sigs take a break from setting up events to kick a soccer ball to each other.

*New Friend* Jackie Fair spends time sight seeing while studying abroad in Spanish speaking countries.

# STUDY ABROAD

## Far Away

Many Westminster students took advantage of the opportunity to enhance their college career with a semester in a foreign country.

The understanding of the culture that students gain from a semester abroad is priceless, but that doesn't mean the experience comes without challenges. Jenn Britton described, "Living in Germany for a semester was one of the most rewarding experiences of my college career. I have to admit, it took me a while to get used to the German culture, but coming back to the States proved to be much more entertaining. I couldn't go into a public place for months after returning to the

States without pre-determining what I would say in German if I were to have problems. I answered people in German without thinking about where I was, and it took a long time to re-adjust to American eating habits. Getting used to not having to/ being able to walk everywhere

took me a while to get used to again as well."

Junior Amy Sasfai said, "As far as studying in Germany is concerned, it really was an eye-opener. I never imagined so much went on in this world. I look back at the way I was when I left the States, and I see now that my entire disposition has changed. I now put value in things that many Americans don't even think twice about.

-Rachael Mellor

*Taken Aback* Rich Marmura, Megan Sigler, Amber Scalfari, & Kauleen Cloutier entertain the audience in the Theatre Westminister production of *Tartuffe*.

## THEATRE *Animato*

### ANIMATED

Aside from this year's musical, *Kiss Me, Kate*, Theatre Westminister's fall semester production line-up included *Picasso at the Lapin Agile*, a comedy by Steve Martin. Performed December 10-11, this show featured the curious situation of Pablo Picasso and Albert Einstein meeting in a bar, as well as the talents of senior theatre major and director, Justin Bryan.

The spring semester opened with a classic: Molière's *Tartuffe*. Presented March 3-6,

this was a bittersweet success for the graduating theatre majors as they put on their last show at Westminister.

The annual Alpha Psi Omega One-Act Festival took place April 1-2, allowing members to showcase their talents. Bob Allen and Amanda Kovacic wrote and directed, with assistance from John Bucu, Jimmy Connell, and Sarah Timm.

Theatre Westminister's last production of the year was Brian Friel's *Dancing at Lughnasa*, from April 28-May 1. It featured a female-dominated cast, Irish accents, and many new faces on the stage.

*On the Edge* Dom Joseph tries to knock the ball toward Tom Heath, as it lies on the net.

*Show Down!* These two titans prepare to joust.

## VOLLEY ROCK

### WITH ZEAL

"Since we had to take the rain location, things were a little rocky, but in the end everything worked out well, and everyone really seemed to enjoy themselves."

-Seth McClarey

Each year, the Student Government Association hosts its annual Volley Rock tournament. Due to inclement weather, this year's Volley Rock tournament had to be moved inside to the gymnasium.

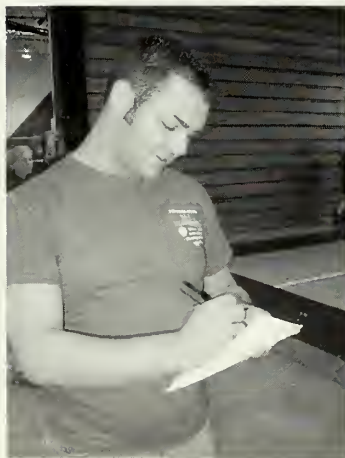

All team members receive a t-shirt, which was a spin-off of the movie *Napoleon Dynamite*. The volleyball tournament is not the only event that takes place that day, there was also a cotton candy machine and a snow cone machine, along with ample opportunities for jousting. SGA also held a pie-eating contest mid-day. By the end of the day, Captain Shaun

McNamara's team won the tournament.

Following the competitions, Quaker Steak and Lube was on-site with many varieties of wings, along with pretzels, celery and carrots, candy bars,

and soft drinks. The line was as long as an hour or more to wait for food, but in the end, the wait was worth it. Freshman Bethany South commented, "This was my first year at Volley Rock, and I was really surprised by

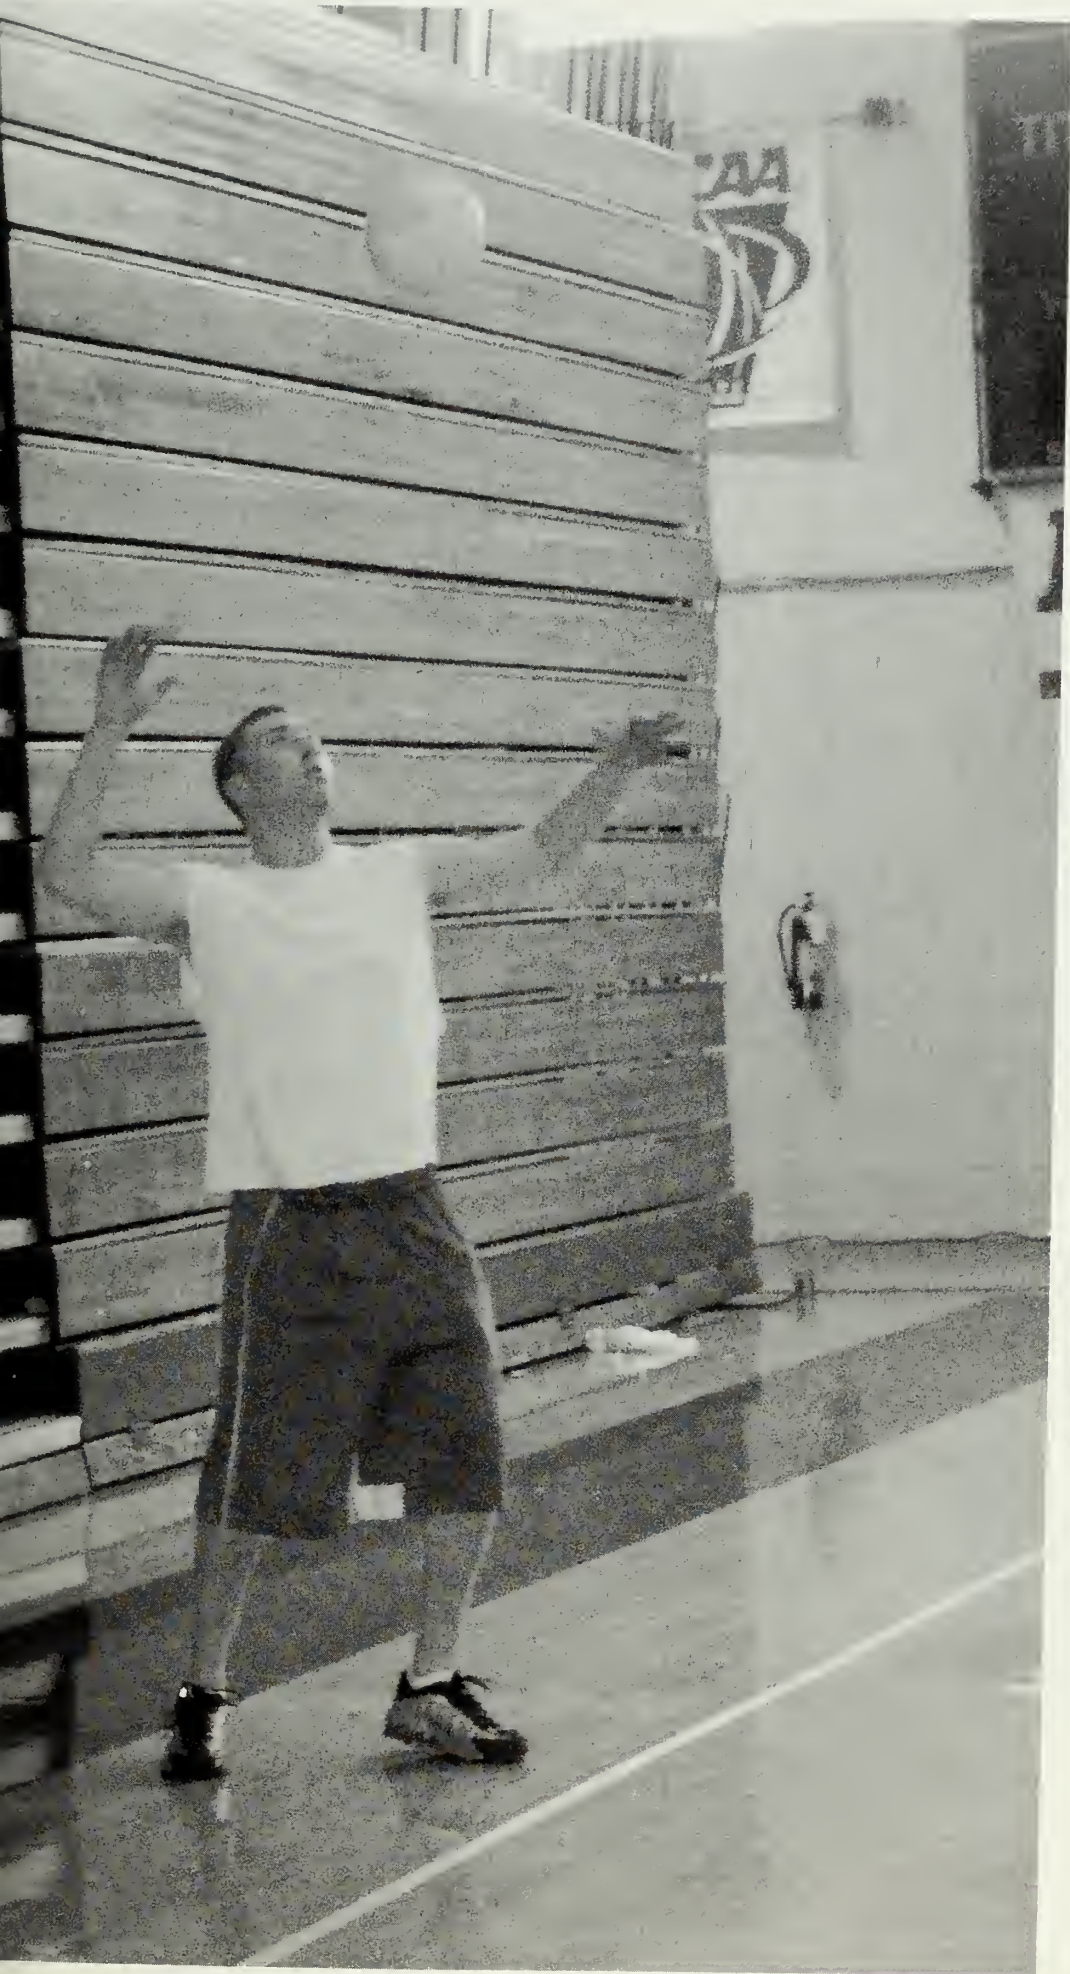

how fun it was. Of course, the cheap food at the end of the semester was a plus! I know a lot of my friends and teammates had just as much fun going and eating together as we did playing volleyball."

*Keeping Score* Event organizer Seth McClarey notes the winners and losers of the early matches.

*Precious* Alexandra Mikhaylova and Billie Nicholson take a second to take a picture.

*Good Sports* Volley Rock participants take a second to congratulate each other on a well played game.

*Setting Up* Amy Schroder sets the ball for her teammate Quay Rosengarth to knock over the net.

*Serving the Heat* This player serves the ball to the opposing team.

# GRADUATION *Maestoso*

## WITH DIGNITY

The Class of 2005 celebrated four years of hard work at the 151st graduation ceremony, on Saturday, May 14, 2005. Baccalaureate featured a speech by Rev. David G. Dawson and a performance by the senior choir. Following the service, the graduates assembled to march into the gymnasium to the strains of "Pomp and Circumsatnce."

Chair of the Board of Trustees, George Berlin, and President Williamson welcomed the students, followed by the singing of the national anthem by Senior Katherine Duncan.

Despite bad weather, the class of 2005 still found many reasons to smile. Excelling in the classroom, in sports, and in extra-curricular activities, it was no suprise that nineteen students received highest

honors, twenty-five earned high honors, fifty-one were awarded honors, and eleven students received college honors. Dr. Jerry Boone, senior consultant for Sims & Steel Consulting, stated "The Education

you received at Westminster College separates you from others and provides training for you to develop the confidence, flexibility, and accuracy to succeed in an ever more complex world."

*Cheese!* These students gather together for one of the final pictures of their time in college.

*A Break From Chaos* Greg Steines, Aaron Dailey, & Brad Steines pause to smile for the camera.

*With Honors* Ryan Jeroski receives his diploma from President Williamson.

*Final Preparations* Sara Kimbell is assisted by her mother in preparation for graduation.

*Free-in-One* Dr. Huey, Bethany Huey, & Rachel Huey huddle together for a family picture following the ceremony.

*Holcad Celebration* Feature editor Laura Zorch congratulates editor-in-chief Megan Sigler on her many achievements.

*Snap Shot* Toni Heyde, Megan Johnston, & Kate MacAleese take a moment to celebrate this milestone in their lives.

*The Final Chords* Rachel Varine, Kauleen Cloutier, Dennis Buffone, Erin Sabo, Kevin Rush, Justin Bryan, and Brad Stewart add their voices to the senior choir's performance at Baccalaureate.

*Picture Perfect* Jaime Carter is embraced by admissions counselor and close friend Gina Sharbaugh.

*Hail! Hail to Thee!* Members of the senior class add their voices to the singing of the alma mater.

*Walking the Gauntlet* Sandy Edmiston smiles as members of the faculty applaud the Class of 2005.

*Processional* Students march into the gymnasium to music performed by Dr. DeSalvo.

Following Ryan Jeroski, Johnny Johnston, Lindsey Robertson, Erin May, & Alexandra Mikhaylova gather together for one of many pictures to be taken following the graduation ceremony.

## Senior Speaker Class of 2005

SANDY EDMISTON

A stained glass window in the back of the chapel bears an angel holding the sign "The foundation of every state is the education of its youth." The only way that quote is true is if we see education not as a noun, but as a verb. If there is one thing we should have learned from Inquiry onward at Westminster, it's that education is a constant and changing thing. Reading books and remembering their wisdom or lack thereof will never be enough. We must keep on reading, keep on learning, and within that, we must keep on acting. Otherwise, we are just part of a silly ritual.

We should not be complacent in inheriting such a falling apart world. We have been born innocently into problems we ourselves did not create. We should respect the goodness and the innocence of our lives by realizing that we do not deserve to live in such a world; that we have the power to make it better.

I'm surrounded by all of you and I feel immersed in a common good, the good of Westminster, the good of our time together here. Let us now go away from this place feeling strong enough in that common good, feeling supported by each other, by our professors who have taught us and the staff who have helped us, and do something in this world.

As we graduate here, let us not be afraid of today's problems and tomorrow's work to address them. The foundation of every state is the education, but also the action, the caring, and the inspiration of its youth.

As we move away from this place, be it running or walking or kicking and screaming, I hope we feel that we are going away in a new grace, a new beauty, and are ready to do something in this broken, beautiful world.

# Construction on Campus

Where will the Business Office be next? There is no doubt that the renovation of Old Main caused some interesting changes in campus life in the spring semester, but the college has done its best to keep all areas of the building up and running—though often from some unusual locations. For example, the Business Office was stationed in Russell, Dean Mann was relocated to Eichenauer, and other offices were dispersed around the campus. Students got a bit more exercise than usual when they needed to check their accounts or talk with the staff.

Sophomore Amy Perkins, who takes education classes in Old Main, commented, “Even though the equipment and materials left around the building can be difficult when trying to get to class, I’m sure that we’ll be happy with the results after the renovation is finished.” Students and staff alike seemed to agree that the obstacles created by the construction were minor compared to the benefits of the project. Chaplain’s Assistant Keturah Laney, whose office was moved to McGill during the project, explained, “After initial moves...the major headache is the dust.” On the other hand, she pointed out that “one of the true bright spots in the renovation process thus far is the flexibility, hard work, and good nature of the physical plant staff.”

The Old Main project began in early February and included the construction of an elevator, the installation of a sprinkler system, and work on the windows, the roofing, and the electrical system. The renovation will not only update the building, but also make Old Main much more accessible. The project is scheduled to conclude in early August 2005.

## We asked seniors...

"What events or experiences have changed you since coming to Westminster?"

## Seniors replied:

"Several of my close friends at Westminster transferred to other schools or quit college altogether, which was difficult because I just assumed they would be here all four years. It has, however, helped me learn how to maintain long-distance friendships that remain strong no matter how far apart you are."

We asked seniors...

"How have your feelings about Westminster changed since you first enrolled?"

Seniors replied:

"Prior to the past two years here at Westminster, I did not fully grasp the importance of the student/faculty relationship within the college. These past two years, however, I have recognized that the most wonderful part of the Westminster experience is the close bond which is formed with the faculty. One enters with professors, yet exits knowing colleagues."

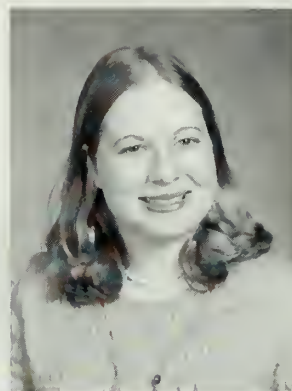

~ Katherine Duncan

"I found out that there is a lot more to do than you think."

~ Kara Moximchalk

"I have become a lot more secure with my surroundings. Freshman year I was a little nervous and scared, but now I am so comfortable, I really am going to miss Westminnie. I still am in love with the area and the campus. But I am glad I came here because I will never forget all the experiences I had here."

## *TUB or Orchard Street Cafe?*

Just two years after the McKelvey Campus Center first opened its doors to students, the great name debate over the dining center was resolved. Originally named the Orchard Street Cafe because of its location at the end of Orchard Street, the OSC still had many students calling it the TUB as they had been since arriving on campus their freshman year.

A movement soon ensued, led by Dr. David Barner, Titan Radio, SGA legislation, a petition, and a slew of alumni opinions. A tradition dating back to 1947, students, faculty, and alumni alike opted for the traditional name of the TUB over the foreign Orchard Street Cafe given to the facility.

Upon their arrival back to school from spring break 2005, students found all the signs on campus changed to "THE TUB." As Dr. Barner commented, "The most rewarding thing for me personally is to see that long time tradition of going to the TUB will continue for future generations."

## We asked seniors...

"Has anyone affected your life positively?"

### Seniors replied:

"All of my professors have given me something different to take with me. Andrea Grove taught me about the world and opened my eyes to politics; Gail Miller taught me how the business world functions, and with that information gave me more confidence in my own job; Jim Cherney inspired me to learn more, do more, accomplish more... Colleen Deisler has given me friendship, good conversation, inspiration, good advice for life, and most of all a constant smile."

~Carolyn Kapus

"There are a number of people who helped affect my life and made me think out side the box. Dr. Corrette-Bennette was the first; he was my inquiry professor and helped shape how the rest of my college life was going to be. Prof. Cox and Prof. Koop helped me advance in my art field. Dr. Mitchell and Dr. Kitzerow helped expand my mind in their cluster course, and Dr. Scott Mackenzie helped me be able to express my self more. And of course, my friends helped to affect my life positively; they helped me understand how to grow up. I think we all grew up together."

~Meghan Michielsen

"There is a group of people on this campus who have affected me, and I do not even think they are aware of how influential they have been. These are the men of the Westminster College History Department. Dr. Martin's passion for history and the content of the medieval to early modern Russian history class inspired me to change my major from German to history. My junior year, Dr. Twining's America in the 1960s class developed my passion for human rights--specifically women's rights. I am now working towards a career that will help me contribute to the field of human rights. Dr. Cuff has worked with me on my honors thesis for the past two years. He listened to my frustrations about my thesis, about my life, about family, and about every other dilemma a college student goes through. They have all been special to me and God has used each one in a powerful way."

~Abigail Sumpter

"I would have to say Dr. Fawley has been a great source of inspiration for me in my years here at Westminster College. I've seen him in action not only as a student in his classes, but as a teaching assistant for two of his laboratory sections. He has an ability to motivate and inspire students that I've never witnessed before. He has always been welcoming to student questions, problems, or even just casual conversation. He helps students keep in mind that nothing is impossible if their best efforts are put forward—and that, more than any lesson plan he has taught, has impacted me the greatest."

## We asked seniors...

“Has anyone affected your life positively?”

## Seniors replied:

“I have found an amazing source of support and friendship in Keturah Laney. She is always ready with a sympathetic ear followed by a sarcastic quip. When difficulties take all of my strength and courage away, I somehow always find Keturah by my side. I truly don’t know how I would have made it through these past four years without her.”

~Kauleen Cloutier

“Many people on this college campus – both faculty and students – have had a positive impact on my life. It has been such a great experience to spend time getting to know the professors and learn from them. The whole sociology department helped me decide what I wanted to do with my life. My fellow students have affected me positively as well. I’ve truly enjoyed being able to walk to class, passing smiling faces and receiving friendly hellos.”

~Stephanie Hitchcock

“My political science professors (Dr. Grove, Dr. Cohen, and Dr. Rhoads) have really impacted my life. When I came to Westminster, I was unsure of what I wanted to do with my life. After meeting these three, I now know that I want to pursue a career in politics. I feel very prepared to go to the University of Vermont for graduate school, and I am a much better person because of the instruction of my political science professors.”

~Russell Mills

“Two things have had a positive effect on me at WC: Dr. Jacob Erhardt and Sigma Kappa sorority. Dr. Erhardt changed my outlook on life, and I credit him with my sanity. Sigma Kappa has made my experience on campus so much better; I could never ask for a better group of friends.”

~Julia Fair

## We asked seniors...

"Do you have any advice to give to underclassmen?"

## Seniors replied:

"To the music education majors: SLEEP WELL and PRACTICE a lot!!!"

~ Daphne Cortes

"Get involved in as many activities as possible. It is a great way to meet new people. Your four years at Westminster College will go fast. Enjoy them while you can. Stand up and be a leader in your community."

~ Jordan Kaufinan

"Do everything. As Pat Sandora is fond of saying these days, there are NOT enough hours in the day. Join every organization--every group you're interested in. Listen to Titan Radio. Do your classwork...but skip once in a while to hang out, eat pizza, and play Nintendo. Go to Eat 'N Park at 1 a.m. Don't freak out about anything, because those things won't matter in the end. Befriend everyone, but have a few really close friends. You know why. Laugh a lot. That's about all I can tell ya! The rest is up to you."

~ Laura Krutschnitt

"Work hard, but don't ever turn down a 2 a.m. trip to Wal-Mart. Don't hesitate to get involved."

~ Jessica Bevan

"Get to know EVERYONE. Whether it be your professors, classmates, janitors, or even the creepy guy down at the end of the hall, everybody has a story to tell, and it's worth talking to them to hear it."

~ Bradley Patton

"Respect your teachers. They wouldn't be teaching if they did not have a heart for students and knowledge. Pay attention in class. Ask them questions. Do your work. Challenge yourself and realize that you have a vast amount of potential inside of you."

# Theme and Variations

Many people typically associate Greek life with parties and rivalries. However, Westminster's Greek organizations offer much more to the community through

service and opportunities to use their ideals of brotherhood for good causes. Although there might be variations in each organization, they all have the same theme.

# LEADERSHIP

## NOBLE

The Student Government Association (SGA) is a group consisting of 12 senators per class. This year they sponsored Fall Fest, which included a dodgeball tournament and a concert. They also provided SGA Day - free rides around campus and food - the College Bowl trivia tournament, an SGA Christmas party, and the annual Volley Rock.

CPC (Campus Programming Council) works closely with SGA to bring weekend activities to Westminster. They are in charge of Lil' Sibbs Weekend, the movies brought to campus each weekend, and other various entertainers throughout the year, such as

illusionist Wayne Hoffman. CPC co-sponsored Mardi Gras as well.

Club Mac staff provides service to students at the campus's non-alcoholic bar. They serve free popcorn and soft drinks to the campus community during late nights, movies, and all-campus activities sponsored by other organizations.

Fresh Start is a group of 80 volunteers who help orient first-year and transfer students to campus. They hold group discussions about the summer text, help with the moving-in process, and lead students around to the various orientation activities during their first weekend on campus.

## REVERENT STYLE

The Fellowship of Christian Athletes is a group dedicated to challenging athletes to form a personal relationship with Christ. This year, members sponsored several speakers, including former Steeler J. T. Thomas. They also ran a flag football tournament.

Gospel Choir gives students and faculty an opportunity to express themselves through songs of praise and worship. They performed for several churches off-campus, including Girard, North Hills, and New Castle.

The Newman Club is a Catholic fellowship group whose members sponsored a discussion of the movie *The Passion of the Christ* and their own Mardi Gras celebration.

Jubilee committee works all

year to put together the Jubilee Conference in Pittsburgh each spring. This year the conference included speaker Terry Thomas and different seminars on topics such as education and making events more Greek-friendly.

Chapel Drama put on a spring production of *Joseph and the Amazing Technicolor Dreamcoat*. Working with the Chapel's resources, this entirely student-run activity hopes to minister to the campus via this unique outlet.

Amnesty International is a relatively new group on campus, working to raise awareness about global issues. This year they raised money for Darfur, Sudan, hosted a fair trade sale in the TUB, and sponsored Jamnesty.

### WITH SOUL

Alpha Phi Omega is the national co-ed fraternity dedicated to leadership, friendship, and service. They sponsor Quad-A-Thon, Canoe-A-Thon, and Locks of Love. They also participate in Bowl for Kids' Sake, Toys for Tots, and a book drive for FORGE.

Rotaract is an international service club that works in cooperation with the New Wilmington Rotary Club. They worked with the Sig Eps to sponsor the Halloween Dance-A-Thon for the Make-A-Wish Foundation.

Members of Circle K International, affiliated with Kiwanis International, participate in ongoing projects that serve both campus and community, such as collecting reusable shoes and a basketball raffle.

Students Against Destructive

Decisions (SADD) is an organization dedicated to the safety of Westminster students. They provide transportation to and from weekend social activities via the Happy Bus.

Habitat for Humanity, a non-profit Christian organization, exists to help eliminate substandard housing in less fortunate areas. Members went on service trips to Lynchburg, VA and Pittsburgh and did leaf-raking and snow-shoveling in the fall and winter months.

CPU (Coalition for the Protection of the Unborn) is the pro-life group on campus. Members held a Mother's Day party/baby supply drive, sold "Choose Life" car magnets and t-shirts, helped aid a pregnancy center, and brought Serrin Foster to speak on campus.

## DECLAMATORY

The *Holcad* staff works to put together a weekly college newspaper that reports student activities and community happenings. They changed their layout to a new format this year.

The Student Alumni Association (SAA) provides students with the opportunity to learn about the benefits of a lifelong connection with Westminster College. Students met and worked with alumni as they assisted in the planning of campus and alumni events and activities.

SWAT (Student Westminster Admissions Team) is a group of Westminster students who volunteer their time to greet and give campus tours to prospective students and help with the Spring Fling and campus visitation days.

*Scrawl* is the literary magazine on campus. Two main publications a year are shared with the campus community - a mini edition published in the *Holcad* in the fall, and the magazine premiered in the spring. They also held a poetry bash with Galen and his musicians and brought poets to campus, such as Thomas Centolella.

Titan Radio is the campus radio station manned by broadcast communications students. Their newly expanded coverage provided music, news, and sports coverage daily.

The Westminster Cable Network is a public service station broadcast from Adelphia Channel 9. The WCN brought the County Line, Coach's Corner, and other news and sports info.

## With Compassion

Westminster International Students Hospitality is a group of students and faculty who work to help orient international students. Seven students from Europe and Asia attended Westminster this year. They treated the campus to a potluck dinner to help breach cultural differences.

The College Republicans, associated with the state chapter, help promote Republican candidates and ideals on both campus and surrounding areas. Their biggest goal this year was the re-election of Bush/Cheney.

The College Democrats comprise a student organization for students who are interested in the ideals of the Democratic Party. They spent the fall semester promoting Kerry/Edwards.

The Green Party protested Columbus Day, held a candlelight vigil after the election, worked on bringing in Green candidates for state and national offices, and held a Green Party Convention on-campus for campus and local Greens.

Allies continued to work toward its goal of promoting diversity and acceptance between GLBT individuals and the rest of campus. They held Day of Silence and Jeans Day to help promote their cause.

The Black Student Union is an organization concerned with educating the College and community about race issues. They sponsored Hospitality with the Diversity Office, a poetry reading with Amnesty International, and Black History Month.

*At Odds* Republican Dennis Buffone, Green Colby King, and Democrat Rich Marmura take a break from their political bantering prior to the election.

at Westminster is an excellent resource for all students interested in the law profession. They also plan trips to law-related locations, such as sitting in on a Supreme Court case in Washington, D.C.

Students in Free Enterprise (SIFE) is a club designed to provide students an opportunity to develop leadership, teamwork, and communication skills through learning and practicing principles of free enterprise. This year, the team took an ethics game to a local high school to help high school students see why ethics are important in every part of life - not just business. The team also competed in Financial Independence competitions against schools such as Purdue and William & Mary.

# RESIDENCE LIFE

Pietoso

## WITH COMPASSION

This year, the residence life staff rounded up a great group of RAs and RDs to keep the campus residence halls running smoothly. Among the responsibilities of the staff were hall meetings, weekend duty, and weekly staff meetings, which is enough to keep anyone busy. These students were more than willing to take on the job and ensure that all Westminster students are safe in their dorms.

Another duty of the Resident Assistants was to organize hall socials to help create bonds between halls and buildings. Julia Broskey, a sophomore RA in Jeffers, explained how her building was able to utilize hall socials for fun as well as educational experiences: "Jeffers, in conjunction with Russell Hall,

threw a 'non-alcoholic drinking party,' which allowed residents of both halls to socialize and also taught them about the dangers of irresponsible alcohol use on campus." Other socials included game nights, free food nights, ultimate frisbee, Joe RA, philanthropies, and decorating.

Being an RA at Westminster is not only beneficial to the hall residents, but it also provides an abundance of good experiences for the RAs themselves. When asked why she chose to be an RA, sophomore Jen Rossey of Hillside explained that, beyond keeping other students safe, "it was also an excellent opportunity to improve my leadership skills and meet new people."

The residence life staff continues to provide Westminster students with a sense of community and safety.

## SINGING

The Westminster College Choirs had an incredible year of performances. Outside of the normal fall and spring concerts, the choirs had many excellent opportunities to share their music with a wide audience. The Concert Choir Tour, during winter break, included performances in Savannah, Orlando, Pompano Beach, Ft. Lauderdale, Vero Beach, and Sarasota. The Concert Choir impressed audiences with "Two Canticles" by David Ashley White, "Children of the Heavenly Father" arranged by Marie Pooler, and their finale "Ya Ba Bom" arranged by Maurice Goldman. The Chambers Singers added to the palette with "When You Are Old" by John Kelley, "Summary by the Pawn" by

G. Walker, and a wonderful arrangement of Come Sunday by Alice Parker, with solo by Shannon McClain. The vast amount of time practicing and performing was offset with a few opportunities for some fun, such as a visit to Butterfly World, a beach day at Ft. Lauderdale, and two days at Walt Disney World.

Following winter break, the choirs went to work immediately to prepare for a performance of Faure's Requiem with the Warren Philharmonic Orchestra. After hours of hard work by all of the choirs in and outside of the class time, they were prepared to perform for audiences at Westminster, as well as Warren and outside of Pittsburgh.

# INSTRUMENTAL *Espressivo*

## WITH EXPRESSION

Comprised of both students and faculty, the many instrumental groups on campus emphasized various styles of music while highlighting the talents of the musicians.

Westminster's Symphonic Band and its customary two concerts gave audiences a treat with nontraditional selections. The 85-member band chose some contemporary pieces, including Andrew Boysen, Jr.'s patriotic "Grant Them Eternal Rest." They also combined with the Wind Ensemble to perform a new arrangement of the alma mater in the spring concert.

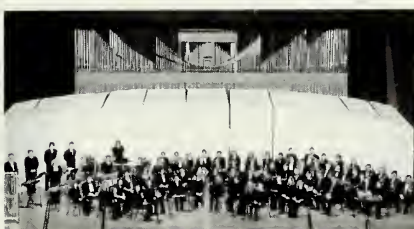

The 40-member Wind Ensemble accomplished several feats of its own in its sixth year as part of the Westminster music department. The objective for this ensemble is to challenge the top musicians at Westminster, and the two spring concerts, as well as an invitation to

perform at the Pennsylvania State Music Education Convention, accomplished just that.

The Jazz Ensemble, along with featured faculty soloists Jeff Wachter and Jim Flowers, played three concerts on campus to packed audiences and appeared at many high school jazz festivals. The ensemble opened for both the Celebrity Series and jazz trumpeter Maynard Ferguson—key highlights to a successful season.

Westminster's 40-member Orchestra, chamber ensembles, and faculty groups added their talents to keep the audiences' toes tapping. Director of Instrumental Activities, Dr. R. Tad Greig, asserted his pride in all the Westminster instrumental groups, stating, "I have seen the tireless work of faculty and students alike come to an extremely musical and educational fruition."

# Scherzo

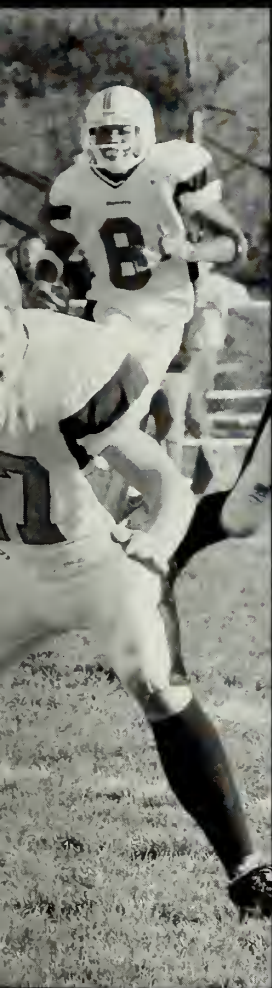

Titans not only stand out in academic pursuits, but also in sports that require physical and mental skills. The addition of a scherzo, or a lively piece of music, to a student's repertoire is

another facet of the liberal arts curriculum that instills the qualities of leadership, teamwork, and a desire to excel to the highest level of excellence that each student can perform.

# FOOTBALL

## Decisivo

### IN A BOLD, DECIDED MANNER

The Westminster Titans began the 2004 football season optimistically due to last season's promising record. Despite the record, the team focused on improving passing skills to support their rushing game.

Although the Titans finished their season with a 5-5 overall and 3-2 PAC record, the season had great moments.

Returning to the Titan football team this season were 32 letter winners and 6 starters. Leading the Titans in their offensive ambitions was running back Scott Froelich. He led the offensive team with 266 carries for 1,351 yards and 14 touchdowns. Senior defensive tackle Tony Ventresco was also honored

by being named to the 2004 Division III All-America Honorable Mention team by the D3Football.com website and earning All-PAC recognition this season.

Along with great individual players, the team worked on building itself and working together as offensive and defensive units. Senior linebacker Tommy Kaminski said, "I always say that we're [the defense] like a loaded gun, because when we're working together and doing what we need to, we're a deadly weapon."

This hard work seemed to pay off. Head Coach Jerry Schmitt added, "The big plays they have made have been a direct result of the hard work they have done to be in the right place at the right time all the time."

*Pile Up* The Titans attempt to gain control of the ball.

*Bringing 'em Down* Tony Ventresco stops this Washington & Jefferson player from escaping the Titan defense.

*Precision Kicking* George Malactaris kick ball deep into his opponent's territory while Ronald Rokicki defends the Titan sideline.

*Trade Off* Joe Getsy hands off the ball to Scott Froelich, who runs toward the gap to continue the rush.

*The Plan* Coach Schmitt takes a couple minutes to meet with players on the sidelines to perfect a plan of attack.

*Dead Tracks* Josh Bero tackles his opponent as the ball is hiked behind him.

# CHEERLEADING *Scintillante*

## SPARKLING

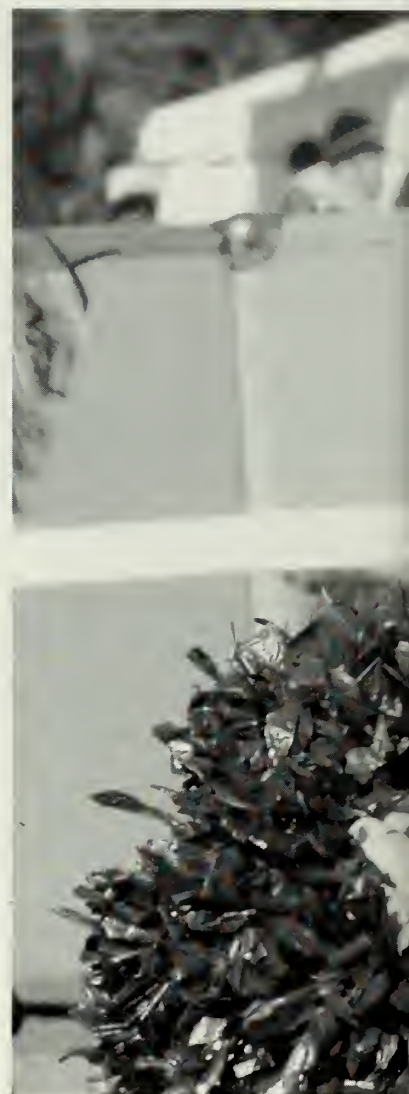

At every men's football and basketball game, the sidelines are reserved for the Titans' loudest, most enthusiastic, and certainly most dedicated fans.

Though the Titan cheerleaders work to keep their routines sharp and clean, it's not just about the pom-poms for these girls. This year the squad put extra effort into the new stunts and pyramids that they introduced at the games. With practices every week, the girls kept their creativity flowing to make sure that they backed their team and maintained the crowd's interest with innovative routines. Captains Sara Hayes and Lindsay Schuler

had a specific goal in mind for the squad. They wanted "to improve from last year and constantly challenge the squad." The girls all agreed that they've met this goal and hope to continue this trend next season.

The squad, led by Bess Ondako, has become a close group on and off the field. As sophomore member Stevi Nelson explains, "It's not just the sport of cheerleading that makes me keep coming back each semester; it has a lot to do with the girls on the squad. We are all dedicated and determined and able to accomplish whatever we put our minds to, but we also know how to have fun with it." These girls keep the smiles and the chants coming.

## FULL OF LIFE

Working hard and never giving up, the women's soccer team was on top of their game this season. Under the guidance of Coach Girish Thakar, the Lady Titan kickers ended the season with a 14-6-3 record. They played the final game of the PAC on Nov. 6, 2004. In this game, the Lady Titans beat the top seed Grove City in double overtime to win the PAC. This was the third year that the women's soccer team was able to capture a PAC championship. With this win, they also earned their third straight trip

to the NCAA Division III Women's Soccer Championship Tournament. In that tournament, the Lady Titans fell to Frostburg State University.

Coach Thakar talks about the season: "The women's soccer team had an unforgettable year. Fall break in California, conference champions, and NCAA Play Offs." Senior Angela DePascale comments on her years of being a Lady Titan for Westminster:

"From the outside looking in you don't understand it. From the inside looking out you can't explain it, but you can't imagine what your life would be like without it."

# MEN'S COUNTRY *Allegro*

## FAST

Early in September, the men's cross country team got off to a running start with the Fisher Invitational. This event, named in honor of a former Westminster Cross Country runner, has been hosted by Westminster College for over 10 years.

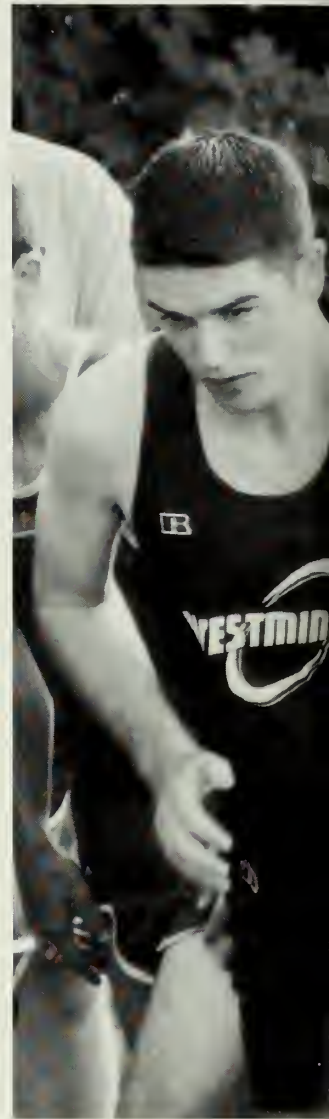

Coach Gary Lilly was very pleased with the season this year, calling it "a very good season." He was glad to have so many of the runners achieve and exceed the goals they set for themselves before the season began.

Lilly said that his biggest surprise was runner Chris Diamond from Ireland. Lilly commented that Diamond was a "real class act," who not only shone on

the team, but also throughout the district, contributing greatly to the Titan's success.

Lilly also commended his assistant Paul Snyder, a "Towering Titan from ages past," for doing such a terrific job with the men's team. Lilly said that Snyder's biggest reason to help was "to give something back to the sport that gave him so much."

The men's team finished their season with an End-of-the-Season Dinner. This is a combined effort of the families of both the men's and women's teams. It is fitting that they should end their season together, since they practice together and for the most part compete at the same events throughout the season.

*Motivator* Chris Barnabei leads his teammates in a strategic plan followed by a cheer for victory.

*GO!* Marcus Corvino pushes his way around an opponent from Gannon.

*Titan That Could* Jordan Hinds uses his practice in endurance to push himself further ahead in the race.

# WOMEN'S TENNIS *Galante*

## IN A COURTLY STYLE; BOLD

The women's tennis team had a victorious season with an overall record of 9-5. After losing the season opener, the Lady Titans rebounded to win six consecutive matches.

Five first-year students joined the team, in addition to six returning letter winners. They came together to achieve their goal of dominating the President's Athletic Conference standings. The team had a PAC record of 4-1 and came in third out of six at the PAC Championships, held at the Pennbriar Fitness & Racquet Club in Erie, PA.

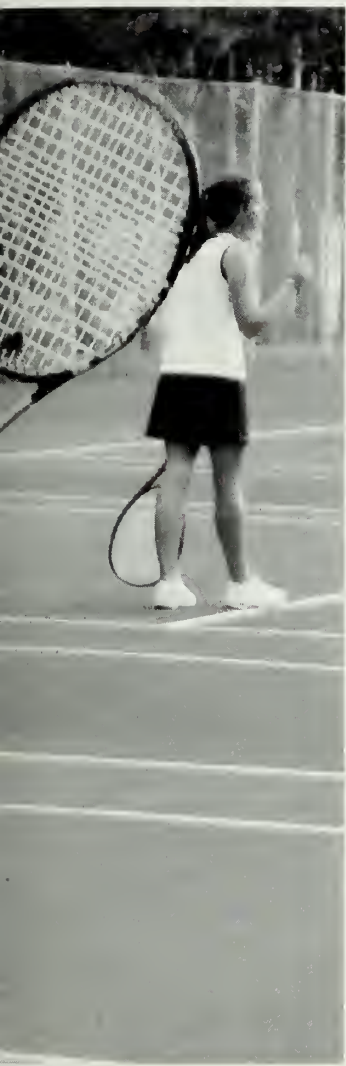

"One of my most memorable moments was spending the weekend at the PAC tour-

nament. Even though we came in third, we had a lot of fun.

The team was really encouraging; win or lose, they were always there for you," said freshman Christina Commisso.

Spirits were high as the Lady Titans finished off the season. Senior women's tennis standout Bethany Grubbs was named

Women's Tennis Player of the Week by the PAC for the week ending Sept. 12, 2004. Along with the honors due to the team's success, Coach Kipley Hass was awarded the title of 2004 PAC Women's Tennis Coach of the Year. Coach Haas leaves a great reputation to live up to, as she announced that this was her final season coaching women's tennis.

Working hard and raising the bar, the men's soccer team had a great season. Under the coaching of Girish Thakar, the Titan kickers ended the season with a 16-5 record. According to Coach Thakar, "The men had the best season in college history and a terrific year. Senior leadership was outstanding, and the underclassman improved every game." The Titans clinched the top seed in the President's Athletic Conference, earning a first round bye. In their first game of the PAC, the men fell to Bethany. Yet the season was not over. The men's soccer team earned a spot in the NCAA Division III Men's

# WOMEN'S CROSS COUNTRY *Legiero*

## IN A SWIFT MANNER

The women's cross country 2004 season began with the Fisher Invitational Meet, hosted by Westminster in early September. There were a lot of new people on the team, including two seniors, Sandy Edmiston and Vera Dorosh.

When asked why she decided to participate in cross country in her senior year, Edmiston replied, "I joined because I realized that too much of what I have done here at Westminster was on my own terms, for me only. I missed being a part of a team. It was one of the best decisions I've made here. I'm a stronger runner and a stronger

person for having worked hard this season with the help of my teammates. Plus, I've never had so much fun!"

Coach Gary Lilly said, "I think it was really gratifying to see how many people came out for the team. They are good solid kids, one of the best groups I've had."

Lilly said that the team had a very good season. He had each of them set their own goals and commented, "It is my job to help them achieve their goals, and they were very successful in doing so." Although the team is losing several seniors to graduation, Coach Lilly looks forward to the next season with high hopes.

*Roundabout* Kelly Spisak comes around the corner at lightning speed to finish off the race.

*Game Face* Dina Linn keeps her game face on as she approaches the finish line.

### BOLD

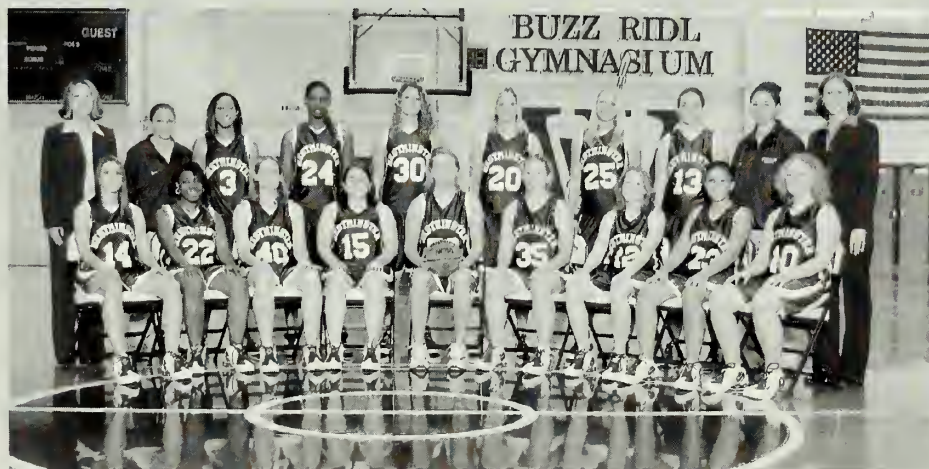

Despite their not being picked as the number one or two seed to start the season, the women were determined to prove themselves on the court. Thus, the team motto became "We're the team to beat!" Starting out strong, the Lady Titans' regular season ended with a 17-7 record overall. As they entered the President's Athletic Conference

Tournament, the team worked towards their goals. As a result, the Lady Titans brought home the first PAC title for Westminster women's basketball. Next, the Lady Titans were on their way to the NCAA Division III

Championships. They started working hard and setting new goals to achieve. The end of their season came when they fell to Messiah in the second round of the NCAA Championships. Their season ended with a 21-8 record. Senior Mary Jane Eaton reflected on the season: "We've had the best of times, and we've had the worst of times. We've laughed together, and we've cried together. We didn't play for the fans or for the spotlight, but for ourselves

and each other. We've become the team that we are today in spite of our flaws and mistakes and tiffs, but I wouldn't change any of it because this was the team who overcame all odds to do the unthinkable. PAC Champs!"

With junior captains Nate Horrell and Buck Thornton taking charge, the men's swimming team swam their way to another great season. As the crowning glory of the season, the Titans captured the 2005 PAC Championship. They also earned academic recognition from the College Swimming Coaches

Association of America. With a combined GPA of 2.8, the Titans were recognized for their fall semester academics, as they have been since the spring of 2000. In addition, sophomore Ryan Trunk

qualified to compete in the 2005 NCAA Division III Men's Swimming and Diving Championship. Trunk was also

awarded All-American Honors.

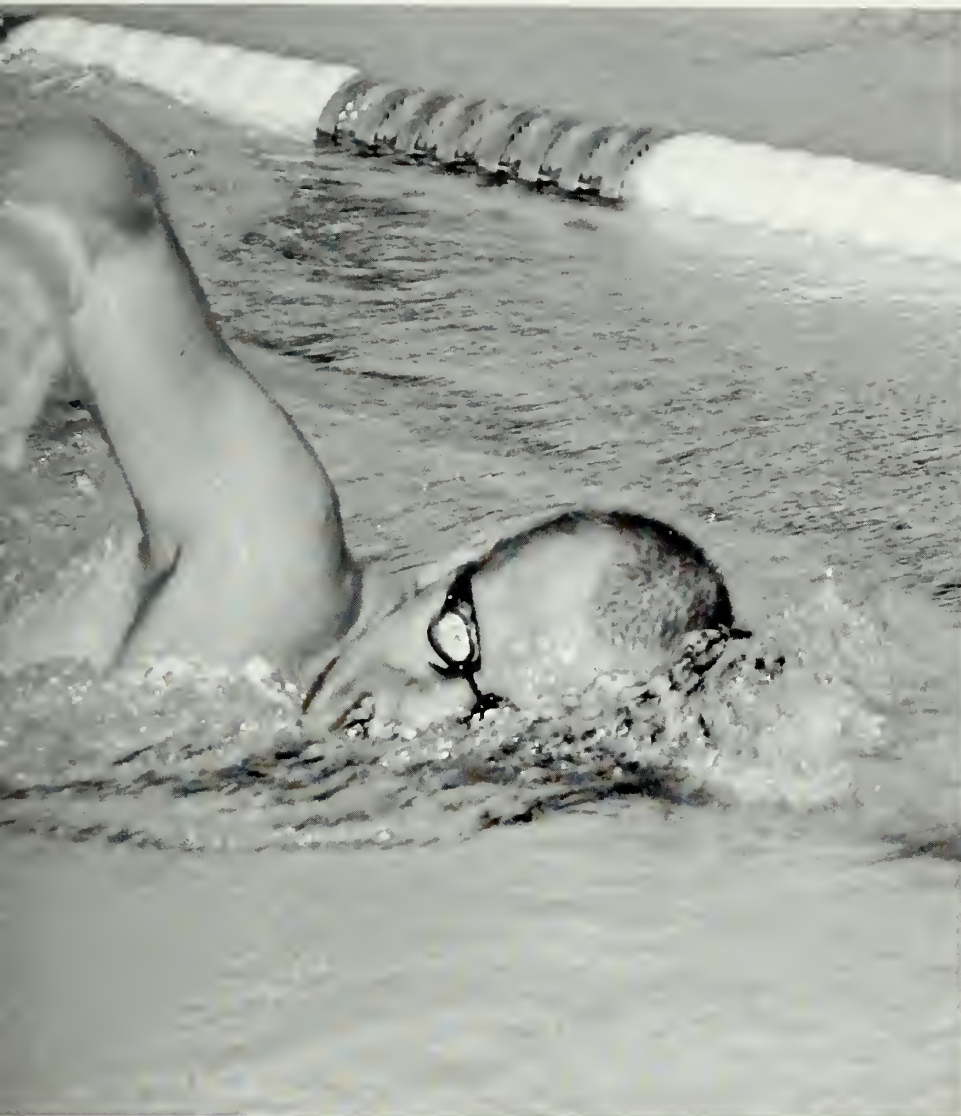

Coach Klamut commented on the season: "The men had an outstanding season. The team's goals were reached both in the water and in academics. The highlights of the season were winning the PAC, which was a team effort; having a national qualifier

on the team; and winning the mid-season College of Wooster Invitational. The team is continuously improving to reach our goal of being one of the top Division III teams in the country."

### MOVING IN LEAPS

Starting the season off right, the Lady Titans opened with four wins at the Oberlin College Invitational. They ended the regular season with a record of 19-12 overall and advanced to the President's Athletic Conference Championships held at Waynesburg College. They were seeded second in competition and received a first round bye, moving on to capture a semifinal win over third-seeded Washington & Jefferson. However, they fell to first-seeded Waynesburg College in the championship match. They improved their overall record to 20-13, with a record of 7-3 in PAC

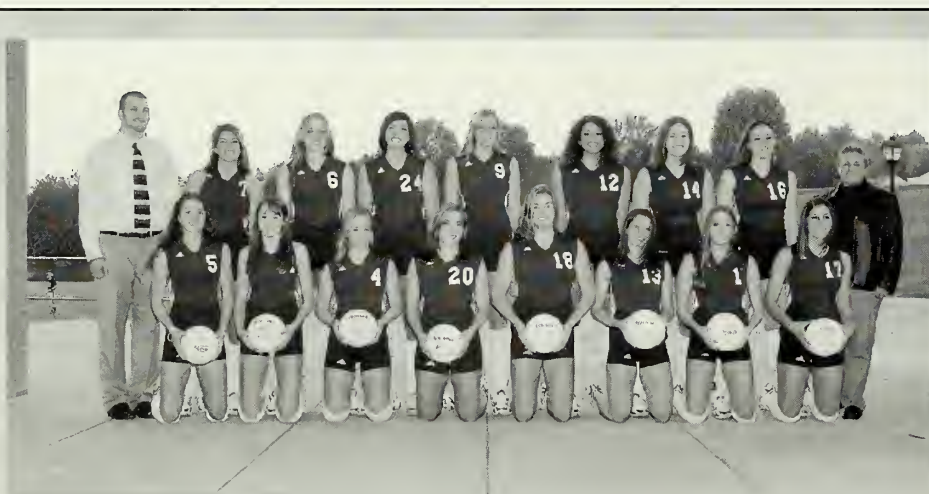

play, earning them a second place PAC title. Certainly, the Lady Titans lived up to their expectations this season.

Several players received individual recognition for their talent throughout the season. Junior outside hitter Erin Hinks became a first team honoree on the all-league teams. Four Lady Titans earned All-PAC honors, while senior Sara Miller was selected as 2004 PAC Defensive Specialist of the Year. Also on the all-league teams, senior middle hitter Sarah McKain and sophomore middle hitter Katie McDermott were both tabbed to the second team, while sophomore setter/outside hitter Rachael Cooper was an honorable mention selection.

### RESOLUTE

The men's basketball team had a strong season from the very start. Shattering scoring records and winning tournaments built up their confidence and gave promise to the men's team. As the season continued, however, the competition became tougher. The men continued into the Presidents' Athletic Conference tournament. Here their season ended in the first round, with an overall season record of 15-11. Junior Mark DeMonaco commented, "Even though this season didn't go as planned, we as a team made tremendous

strides. We've become a lot closer as a team and started working extremely hard towards next season. We learned several things this past season that will help bring us to the next level. With a year under our belt, we know what we can accomplish if everyone gives it their all. Every team has to travel on that bumpy road to success, but it's the great teams who get through that bumpy road successfully. I'm excited and looking forward to start next season!" Senior Chris Hatch added, "I wouldn't have wanted any other teammates to spend my senior year with. There wasn't a day where we didn't have fun."

### GRACEFUL MANNER

Led by senior captains Erica McCullough and April Dollard, the Lady Titans were ready to start the season with their goals set high. With a record of 7-3 in dual meets, the women's swimming team fell just short of their main goal of winning the PAC; however, the team reined in an honorable second place in the PAC Championships.

Junior Megan Sweithelm said, "I think that the swim team, rather than being seen as separate men's and women's teams like most other sports on campus, is seen as

one team. Not only did we have a successful season in the pool, but we were also successful out of the pool by having the unity and support that brings the two teams together. I'm so proud to be a part of that." Coach Klamut added, "The women had an outstanding season. They came up a few points short at the PAC championships but swam exceptionally well. I was very proud of each team member's

performance. Despite a few losses in the dual meet season, the team is continually improving to reach our goal of being one of the top Division III teams in the country."

The Westminster College baseball team opened its 2005 Presidents' Athletic Conference (PAC) schedule on a positive note in Grove City, PA, as the Titan Diamondmen posted a 13-4 PAC victory at Grove City College. The team was extremely successful, with an overall record of 21-16. They advanced to the PAC Championships, where they marked an 8-7 record. They captured the PAC Tournament in Washington, PA, as the third-seeded Titans defeated top seed Washington & Jefferson College by a score of 5-3 in the PAC title game. Westminster College senior catcher Ricky Straw was

selected to the 2005 *ESPN The Magazine's* Academic All-District II College Division Baseball Second Team. The Westminster College baseball team also placed four players on the 2005 All-PAC baseball teams. Earning all-conference first team honors for the Titan Diamondmen were senior first baseman Brian Andrews and senior second baseman Kevin Gesacion, while junior outfielder Ed DeRose and sophomore pitcher Tony Cunningham were both tabbed to the second team. In addition, Titan head coach Carmen Nocera was named 2005 PAC Baseball Coach of the Year after leading the Titans to their first-ever PAC Championship and the program's first conference title of any kind in 40 years.

## WITH VIVACITY

This season, the softball team's slogan was "together we will." And together they did as their season ended wonderfully. When the season started, the Lady Titans seemed to be dominating the field, winning several double headers in row. In the mix were a couple of losses that forced the softball team to work harder to achieve their goals. Coach Reddinger commented on the season before heading to PACs: "I feel that this is one of the strongest teams we've had here at Westminster, at least on the defensive end. The PAC playoffs are going to be exciting."

The Lady Titans made it to the final round of the PAC playoffs where they faced Bethany three times. The

softball team beat Bethany twice to take home their first PAC title for Westminster. Senior Heidi Kimmel said "There is something really special about this team. We not only have the talent and ability to do great things, but we also have the desire to do so. Much of our success can be attributed to the fact that we are such great friends and spend so much time together. This helps us to pick each other

up on the field and helps us to know how to motivate each other to get better." Senior Lauren Boris added, "These have been the greatest years playing with such wonderful girls and athletes. This is a huge year for us and we have so much talent to go all the way and we are respected as a team."

For the past two years, the Westminster College men's tennis team had been on the cusp of capturing the Presidents' Athletic Conference (PAC) Championship. After placing second each of the past two seasons, the Titan Netters hoped to get over the final hurdle and reach the top of the conference mountain in 2005.

In 2005, seven of nine lettermen returned to the WC Netters. The men's tennis team opened the 2005 season on a positive note, as the Titan Netters posted an 8-1 non-conference decision over Marietta College at the North Beaver Tennis Center. In March, Westminster College men's tennis

standout Dave Molitor was named PAC Men's Tennis Player of the Week. Senior Molitor, led the Titan Netters to an 8-1 win over Pitt-Greensburg by capturing both the #1 singles slot and the #1 doubles slot with classmate Sammy Seo.

Leading the way for Westminster was junior Ryan Mistovich at sixth singles and the third doubles team of junior Ben Libert and freshman Gene Cunningham, each of whom earned All-PAC Second Team laurels after placing second in their

respective flights. Cunningham also posted a third-place finish in the fifth singles flight. The men's tennis team concluded the 2005 season after finishing in fourth place at the PAC Championships.

### IN A SERIOUS MANNER

This past year, the men's golf team had quite the eventful season. The men worked hard, and their determination to do well paid off in the end. The Presidents' Athletic Conference tournament was held at Speidel Golf Course in Wheeling, West Virginia. After just the first day of competition, the men were in second place. At the end of the tournament, however, the men brought home their third consecutive PAC title. Another indication of their hard work and determination paying off was when they earned their first berth to the NCAA Division III

Championships. This year's tournament was held at the Mission Inn Golf & Tennis Resort in Howey-in-the-Hills, Florida. The men finished their first day at fourteenth place. Two days later, the men tied in sixteenth place for the NCAA Division III Championship. As a result of their efforts, senior Scott Voelker and Coach Gene Nicholson received awards from the Golf Coaches' Association of America (GCAA). Voelker was one of 39 NCAA Division III men's golfers in the nation to be honored as 2005 GCAA/Cleveland Golf All-America Scholars. Coach Nicholson was named a 2005 GCAA/Eaton Golf Pride Mid-Atlantic Region Coach of the Year.

They may have been young, but a lack of college experience did not hold back Westminster's Women's Track and Field team. Though predominately freshmen, the women gave strong performances across the board wherever they went.

The women's team captured three first-place finishes at Westminster's first invitational, one first-place finish in the shot put by junior Sonya Cole at the Washington & Jefferson meet, and put up their best at Westminster's second invitational with four individual titles. At the PAC

Championships, the women placed fourth, led by freshman Jessica

Cooper, who also set new school records in the long jump and the triple jump and competed in the ECAC Championships. The women's post-season highlight to a triumphant regular season came when they won the PAC Women's All-Sport Trophy for the second year in a row and when

Cooper qualified provisionally for nationals.

Coach Don Augustine was very proud of the women, feeling that each member greatly contributed to the team, "The freshmen class really carried the team during events," he said, "but the upperclassmen provided good leadership for the younger members."

For the Lady Titan golfers, the golf season got off to a somewhat slow start. They began with a young team, but with a lot of dedication were

able to come together to show off what a strong team they had. As sophomore Kelly Spisak, who merited medalist honors against Washington & Jefferson, stated, "The team is very young. In the

beginning of the season, we struggled compared to PAC rival Washington & Jefferson. However, every player

became vital. Everyone needed to be good when it came to the PAC. In the end, it was a total team effort."

The women golfers were able to compete in this year's President's Athletic Conference tournament at Crispin Golf Course in Wheeling, West Virginia. By the end of the

tournament, the women came out on top, earning them their second PAC championship title.

# MEN'S TRACK *Stringendo*

## PRESSING FORWARD

The men's track and field team had to jump more than a few hurdles to bring about a successful season, but through strong leadership, new talent, and consistency, the men crossed the finish line with a commendable performance. With at least one title in each of the four invitational, the men wrapped up the regular season at the PAC Championships with a third place finish—one-point over their rival Washington & Jefferson.

Other post-season highlights included senior Phil Frye and junior Adam Hadbavny's performances at the ECAC Championships, with fourth and

tenth place finishes, respectively. Hadbavny also qualified

provisionally for nationals and was able to break his own school record in the discus event.

Men's MVP Adam Hadbavny commented that the team "was a very young, but very hardworking team, with only real depth and strength in the throwing areas." He cites the abilities of the

team's coach for leading the men to a winning season. Coach Don Augustine attributed the team's performance to the consistency of the older members and the strength of the throwers, but also sees a bright future, stating: "The younger members will start to help us in the running events as well." With a winning team already, it seems that the Westminster men's track and field team will only raise the bar.

STER

ending Ben Jones gets a good  
off in the long jump event.

*Pushing* Casey Harger uses every ounce of strength to jump the hurdles.

*Living Up the Crowd* The cheerleaders add something extra to the exciting football games.

*Forceful* Sebastian Driver-Salazar attempts to gain control of the ball from his opponent.

# FALL SPORTS

*Observant* Joe Getsy looks for an open player to pass the ball to.

*Briskly* Kristen Martin swiftly takes the ball toward the goal.

# WINTER SPORTS

*Help!* Mary Jane Eaton looks for somewhere to pass the ball.

*True Teammates* The volleyball team supports each other as they go onto the court.

*Titan Spirit* These men show their Westminster spirit at a men's basketball game.

*Fiery* Dom Joseph clears his way as he attempts to score some points.

# Spring Sports

*Sizzling* Ben Libert hits the ball with precision to his opponents side.

*Sternly* Katie Porter throws the ball back to the infield to stop the runners from stealing home.

*Cheering* Titans take to the sidelines to support the hard work of the athletes.

*Tactfully* Jonathan Deyton spends the afternoon practicing his swing in preparation for the meet.

*In Slow Motion* Jessica Cooper attempts the high jump.

# *Etude*

ust as etudes were written  
s teaching pieces for new  
echniques and musical  
ideas, so do the professors  
t Westminster work with  
tudents to teach them.

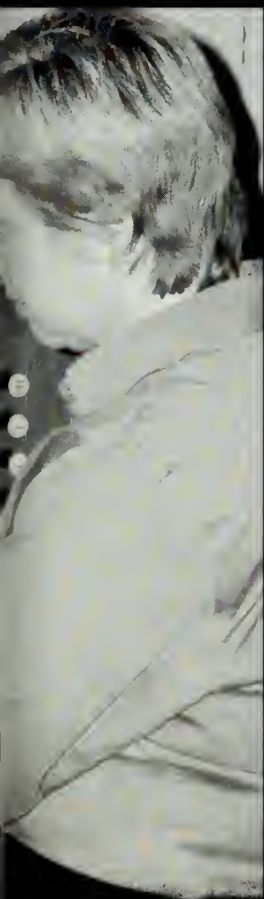

Whether it's assigning  
research, presenting new

ideas to a class, giving tests,  
or planning special trips,  
the faculty are here so that  
the students' ideas – their  
own songs – can become  
matured and mastered for  
the performance of a  
lifetime.

# Crazy Classroom Moments

## ODE TO JOYFUL MEMORIES

For the most part, Westminster classes meet for the hour or more they are scheduled where lectures are given, notes are taken, exams are administered, and speeches are presented. Once in a while, however, the average day will be interrupted by some inane or unintentionally funny occurrence. Some of the favorite memories of students are as follows:

"One day in choir, Dr. Lind was trying to get the men to sing with a more manly, deeply masculine sound to their voices, and one of the guys said, 'Oh! You mean we need estrogen shots, right?'" - Craig Dressler

"My professor got high from

one of those dry erase markers for the new white marker boards. Then during class he stopped what he was doing to ask us if we had any chips he could eat." - Geoff Zimmerman

"I think it's crazy enough that Dennis Kucinich almost won the Mock Convention last year!" - Colby King

"I was on my way to class one day when the professor stuck his head out the window and said, 'Look at that crazy girl running! You'd better hurry up! You're three minutes late!' I got there right at 3:08, two minutes before class was supposed to start, and he told me I had just made it."

## ANSWERS THAT WILL BLOW YOUR MIND

Perhaps one of the most interesting aspects of grading tests is the variety of answers students give to questions. Dr. Na has certainly experienced his fair share of this. The following are some responses he has received:

On an environment exam for INQ 102: "We take things for granite like ears."

In answer to the question, *this patriarch wrestled with God and won, but paid a price with his hip*: "Hulk Hogan."

On an Old Testament final: "Daniel is a book about a man that dreams about 3 scary bears that come out from the sky."

From an INQ 102 paper: "A liberal arts education can be traced to ancient Grease..."

Books of the Bible quiz answer: "...Jeremiah, Lamenations, Ezekiel..."

On a map of the Roman Empire: "Greek was wildly spoken in this region."

An Understanding the Bible exam answer: "BCE = Before Christ Entered; CE = Christ Entered."

From a New Testament midterm: "Mystery religions were back when Zeus was around. Roman days."

From the same exam: *ID the following*: M= "Medium"; L= "Large."

Dr. Na leads his class in an exercise in exegesis through comparing texts.

## Faculty Research

### CONTINUING ACADEMIA

Westminster faculty made names for themselves with their academia this past year! Two of these professors are:  
*Dr. Bryan Rennie* - Dr. Rennie is the Vira I. Heinz professor of religion at Westminster. His research, "Eliade (Further Considerations)," was added to the *Macmillan Encyclopedia of Religion*. This edition has already begun to be advertised, and his entry is listed in the table of contents. Furthermore, his article "Heterophenomenology and Self-Knowledge" will be included in the anthology *Rethinking Religion 101*:

*Praxis, Pedagogy and Future of Religious Studies*. His current research concentrates on *Mircea Eliade: A Critical Reader*.  
*Dr. Russell Martin* - "My research explores the way official commemorations of royalty were manipulated by the new regime to suggest that the new dynasty, the Romanovs, were the legitimate heirs of the old dynasty." His research has led him to a verifiable argument that the Romanovs did not come to power by "divine right." He also appeared on A&E Biography in a broadcast on Ivan the Terrible.

# Faculty Research II

## RESEARCH ISN'T JUST FOR STUDENTS ANYMORE!

Several professors have distinguished themselves outside of the classroom to further their own research , including:

*Dr. Edward Cohen* - Dr. Cohen's research on the globalization of power was discussed at this year's Henderson Lecture. Dr. Cohen says, "Many fear that some of the main features of economic and political globalizations[...]make it more difficult to use law to control all forms of social and political power. I draw on my research on the role of law in shaping globalization to argue that these threats are real."

*Dr. Timothy Cuff* - Dr. T. Cuff received a research grant from the Economic History Association. He is working to analyze data that will expand the chronological coverage of his research on human stature change in PA into the late decades of the 19th c. - data that will serve as one of the largest scales of such information in the US.

*Dr. Sandra Webster* - Dr. Webster is the 2004-2005 McCandless Scholar of the year. She spent two weeks in China continuing her research on the Korean emotion Han to determine if that emotion also appears in Chinese society.

Dr. T. Cuff shares a well-written passage from a student's paper with his Inquiry class.

# Coda

As the song to which every Titan adds their voice comes to its final cadence, students cannot help but to reflect on the song. From the baseline taught in Fresh Start and Inquiry to the polishing off of a Capstone project before graduation, each student prepares for a lifetime performance of not only the Westminster song, but also of their individual solos. Although the final crescendo of graduation may be the end of the formal education of some, the liberal arts tradition of Westminster culminates in the ability to question and reason on one's own. First-year students come to Westminster with their own experiences; seniors can leave fulfilled by the sharing of every Titan's song.

**Graduation:** *formal recognition of knowledge gained, with the ability to demonstrate its use within an academic environment*

This definition lacks the emotion that we feel. Achieving a double major in 4 years is an accomplishment which commands respect. We are proud to give you ours, for you have earned it in ways we cannot begin to recount. This is a milestone on your journey of success; one to be as proud of as we are of you. This knowledge requires wisdom, like a ship needs a rudder, to navigate the sea of life. That said you have shown wisdom beyond your years for we know the mountains you have conquered on this portion of your journey. The focus, tenacity, and persistence that you bring to the tasks you undertake will carry far and are recognized by more than your family and friends. These actions define the character of an amazing young woman, who we are proud to introduce to the world as our daughter.

With Pride and All Our Love,  
Congratulations from Daddy, Mom, Lydia, and Grandad

Wait! Do I have time?

## FACULTY MEMBER OF THE YEAR

### DR. JEFFREY BERSETT

Selected by the seniors, Dr. Bersett is representative of many facets of a Westminster College education: a professor of Spanish, facilitator of the Study Abroad program, one of the main professors for the Film Studies program, and one of the three main professors for the spring 2005 premiere of the *Baker from Madrigal*. He has been advisor and friend to many Spanish majors and minors, to Alfred Hitchcock enthusiasts, and theater students alike. He is well-known for his openness and willingness to be a listening ear to any student in need. Just as senior Tom Oyer stated, "Dr. Bersett is the type of professor that cares what his students are learning besides the basics of a class. He always takes the time to know his students in an extremely personal way, so much so, that you consider him your friend besides your teacher."

2005 DEDICATION  
IN MEMORY OF  
**SANDY EDMISTON**

I was jogging in the early evening. The last of the snow was melting, the outside was a cool-warm, the sunset was a fading purple. I jogged without my usual quest of miles or speed, and as I wandered my way back to campus, I felt like I was jogging in a new grace from when my run had begun. I was relaxed, but energized to go work on my homework. I felt like I had noticed more things about my surroundings. I felt like there were a million letters that I wanted to send, and a million people who I had met these past years that I wanted to hug. My steps felt graceful and I felt like I ran proudly and beautifully. I ran away clumsily today, but came back gracefully, whole.

- Sandy Edmiston  
Graduation Speaker 2005

I did not know Sandy long...but I believe I knew her well. We had classes together, but not in a classroom. We spoke often and thoroughly...about life and living, about what it means to be involved in causes bigger than any one person, and about how faith in God changes and grows. We shared adventure stories...about living on the edge. We planted trees together. She volunteered at the Field Station for children who were learning how to properly plant a tree whose life will likely span more years than ours. Those trees will always be a signal that Sandy was here, left an indelible impression in the green earth...and moved on. Soon we'll plant at least one tree in her memory. It will be an oak. That is her kind of tree! -Clarence Harms

As I think about Sandy, I'm keenly aware of how much she has been in my thoughts over the past several years. As a recent example, this June I visited Walden Pond with my family. Sandy felt a kinship with Thoreau, sharing his passion for the environment, for a value-laden life, and for the written word. So, standing at the site of Thoreau's cabin, I thought of Sandy as I read his famous declaration: "I went to the woods because I wished to live deliberately, to front only the essential facts of life, and see if I could not learn what it had to teach, and not, when I came to die, discover that I have not lived."

Today (August 2nd, 2005), the poignancy of these words is overwhelming. Sandy came to Westminster already inspired to learn and to make a difference in the world. She was determined to challenge herself and to live a meaningful life. Those of us who were fortunate to have her in class felt that she raised the bar for everyone--teachers included--with her intelligence, curiosity, passion, compassion, and generosity. Every moment mattered to Sandy, and she found so many ways to "live deliberately" while at Westminster. She won awards for her academic work and for her commitment to community service. She started environmental outreach programs. She was a kind and supportive friend. As we remember Sandy, I hope that we can all learn what she had to teach us and live inspired lives. -Ross Wastvedt

# *Letter from the Editor-in-Chief*

After being selected to be Editor-in-Chief of the *Argo* for the 2004-2005 school year, my predecessor, Melissa Logan, told me that I would be the next "hardcore yearbook editor." As I finish the final pages of this book, I have come to realize that it is almost impossible for the Editor-in-Chief not to be "hardcore." However, what was different this year was I had a "hardcore" team of editors and staff. I am indebted to all of you for the hours upon hours that you have put into this book.

My greatest gratitude must first be acknowledged to Courtney. From Gettysburg (which I will never mention again) to the last day of finals, you have proven yourself to be a layout design genius and a close friend. Lindsey, over my three years on yearbook, I have seen and heard about many photography editors, but you have gone above and beyond what anyone has done. I truly believe you are the best photography editor this yearbook has ever had. You have never really experienced yearbook until you are spending time sorting through a hundred pictures of Relay for Life. Jaimee, your guidance in verbal decisions has laid a standard for the *Argo*. Thank you for your years of service to the *Argo*. Sara, we have been in this for too long. Your hard work with the business aspects helped make this venture a success.

I would be remiss not to thank the twenty-one staff members who have made this book a success. I greatly appreciate the hours that each one of you has spent creating templates, taking group pictures, finding quotes and statistics, and sitting in the TUB to distribute yearbooks.

Special Thanks to Connie McGinnis, Lois Kazenski of Herff Jones, Camille Hawthorne, the Student Affairs Office (especially Beth Brooks and Kathy Suosio), the *Holcad* Staff, Joseph Onderko, Jim Rainey & the DaVor Photographers, President Williamson, and Dr. Ade & the Student Publications Board.

One final thank you has to be given to every individual that has helped identify that person that is half hidden in the back row. This book would not have been possible without your help.

Sincerely,  
*Ray C. Walling*  
Editor-in-Chief  
*Argo* 2004-2005
